Date: _____

Forest & District: _____

Sale name and unit: _____

Surveyed by: _____

Draw Map of Unit: Include magnitude/aspect of slope ↘ ↙; streams - - - - -; and roads .
Mark anything mentioned above: Mark ~~X~~ campsites, wildlife sightings, unusual plants, etc.

Use the following abbreviations areas inside and immediately outside unit, and mark on map:

- ___ contiguous forest [F]
- ___ never logged area [V]
- ___ previous thin [T]
- ___ clear cut [C]
- ___ tree plantation [P]
- approx age: _____
- ___ riparian areas [Ri]
- ___ roads [Rd]
- ___ other (specify): _____ [O]

UNIT

Describe the *surrounding* forest habitat *outside* unit, and species evident:

Geography/Geology:

Elevation: _____

Dominant Aspect: _____

Slope of unit (include steepest): _____

Soil conditions [all that apply] (dry, wet, rocky ...): _____

Signs of landslides, rock outcroppings or other unique characteristics:

Trees:

- ___ old-growth (180+ years) Percent of unit: _____
- ___ mature forest (80-180 years) Percent of unit: _____
- ___ never logged Percent of unit: _____
- ___ previously logged – approx. age range of trees: _____ Percent of unit: _____
- ___ burnt or fire-scarred trees Percent of unit: _____

Describe evidence of logging history (skid trails, stumps, young or even-aged trees, fire scars, etc):

Measurement/species of large-diameter trees: _____

Species and average d.b.h. (include overstory and understory): _____

% Canopy Coverage:

Downed trees (circle): 1) [common] *or* [uncommon]
2) [mostly large] *or* [mostly small] *or* [mix of sizes]
3) [mostly decayed] *or* [mostly fresh] *or*
[mix of ages]

Snags (circle): 1) [common] *or* [uncommon]
2) [mostly large] *or* [mostly small] *or* [mix of sizes]
3) [mostly decayed] *or* [mostly fresh] *or*
[mix of ages]

Riparian Areas:

Perennial streams (quantity): _____ Intermittent streams: _____

Describe other riparian areas (seeps, wetlands, ponds, etc) and mark on unit map: _____

Roads:

Open roads accessing the unit (describe condition, surface type and apparent use): _____

Closed roads accessing unit (describe condition and provide road number or approximate location):

Wildlife:

Species evidently using area for habitat (scat, tracks, sightings, calls, burrows): _____

Plant and Fungi Community:

List typical plants seen within the unit: _____

Unusual/sensitive plants, fungi, lichen, etc – describe, photograph and mark location on map:

Exotic or “invasive” plants: _____

Recreation:

Campsites, Trails (trail number, location, apparent use), or other use: _____

Timber Sale Markings:

Describe markings (survey flagging, etc.): _____

Other:

Anything else you'd like us to know _____
