Subject: Path

Sandi, to answer your phone questions about Path, Wildfire, and Diablo, and the Jordan Sale. I called you back, but got no answer. Path has not been logged, Wildfire and Diablo have been logged and are completed. The last timber sale in the Jordan Planning area was the East Jord Sale, planned in 1985 or so and logged after that. That one has been a while. Let me know if you have any other questions.
