

The temporary road alignments displayed in this map serve only as an example of where temporary roads could be utilized to facilitate project implementation and do not represent the final placement of such features. Temporary roads would only be utilized where all applicable Project Design Criteria (PDC) would be achieved. For more information related to temporary road use please reference the Gate Insect and Disease Scoping Letter and Project Design Criteria.

# Gate Insect and Disease Project

## Mt. Hood National Forest Temporary Road Use With Potential Alignments
